

St. John's Primary Academy

Key findings from parent PE funding questionnaire

- 96 % of parents/carers who responded agree or strongly agree that at St. John's Primary Academy their child enjoys PE.
- 76% of parents/carers who responded agree or strongly agree that at St. John's Primary Academy their child is making good progress in PE.
- 76% of parents/carers who responded agree or strongly agree that at St. John's Primary Academy their child's life skills such as; teamwork, communication resilience and confidence has been developed through the physical activities on offer.
- 41% of parents/carers who responded where unsure of how PE funding money is being spent.
- 52% of parents/carers who responded said that their child/children weren't involved in any physical extra-curricular activities in school.

Preliminary actions from the findings include:

Increasing opportunities for extra-curricular involvement of pupils in physical activity.

Increased communication with parents about how PE funding money is spent.
