

At St John's Primary Academy, we work hard to develop and sustain our school's Christian distinctiveness. We recognise that all individuals are important and valued by God and as a church school, we are inclusive to all members of our community. 'Welcoming all, Learning together in God's love' is our school motto and we ensure that pupils from all faiths and those without a faith feel happy and secure that their beliefs are respected and valued.

We work in close partnership with St John's church and Rev. Rudd, Rev. Cooke and Megan regularly support in school through delivering collective worship, supporting with the RE curriculum or with the YNow club that they offer each month.

We offer an education, which is distinctively Christian, and our core Christian value of Respect permeates through everything that we do. The understanding and exploration of our Christian value is strengthened and reflected upon through our collective worship.

Worship is considered an important part of the day. Children worship together as part of a whole school, key stage or class. The use of Picture News or Newsround also broadens the children's knowledge of current affairs and helps them to think about how to be advocates for positive change in the world that we live in. The children are also regular visitors to church and parents, grandparents and carers are all invited to join us on these occasions.

The children at St John's are given many opportunities to drive activities and they have a strong voice in school whether it be through the worship committee, Eco warriors, playground buddies or our junior leadership team.

Areas within each classroom help to encourage the children in moments of quiet reflection.
